2022 TnT Vineyard Pinot Noir

Winemaking Philosophy

We are committed to low input winemaking utilizing uninoculated primary fermentation and malolactic fermentation. This process is much slower and more time consuming but produces wine lush on the palate with seamless flavors. Low input winemaking also includes gravity flow movements of wine, minimal acid adjustments, minimal SO2 additions, racking only once in barrel, no fining and no filtering when possible.

Vineyard

The two acre TnT vineyard was planted in 1999 and 2000 with clones 114, 115, 667 and 777 on Riparia Gloire rootstock with Goldridge soil. This vineyard is on a south-facing slope with 4x4 spacing giving 2,700 vines per acre. Because of the close spacing it produces about 3.5 to 4 tons per acre with consistently high quality and great depth of flavor. The vineyard is located in the Green Valley sub region of Russian River.

Winemaking

Picked grapes August 26th, only 3 tons total from 2 acres. 50% whole cluster. Fermented for 11 days with 2 punch downs daily until barreled Sept. 8th. Bottled August 2023

Winemakers Notes

All red fruits of cherry, red vines plus baking spices with seamless texture and a long finish.
